

IDM2016

Monday 18 July 2016

Neutrinos and Dark Sector - Venue: Cutlers' Banqueting Hall (First Floor); Chair: Gabriella Sciolla; Session Manager: Frederic Mouton (14:00-16:00)

time	[id] title	presenter
14:00	[163] SBND: Searching for Sterile Neutrinos and More with Fermilab's Short-Baseline Near Detector	KARAGIORGI, Georgia
14:20	[121] Search for Accelerator-Produced sub-GeV Dark Matter Particles in MiniBooNE	Dr. KATORI, Teppei
14:40	[143] Search for heavy neutral leptons with the near detector complex ND280 of the T2K neutrino experiment at J-PARC	Dr. IZMAYLOV, Alexander
15:00	[166] The SHIP Experiment at CERN	Dr. BACK, John
15:20	[123] The COHERENT Neutrino Experiment	Prof. BARBEAU, Phillip
15:40	[115] A search for bosonic dark matter with the MAJORANA DEMONSTRATOR	CALDWELL, Thomas

Neutrinos and Dark Sector - Venue: Cutlers' Banqueting Hall (First Floor); Chair: Gabriella Sciolla; Session Manager: Frederic Mouton (16:30-17:50)

time	[id] title	presenter
16:30	[80] Sterile Neutrino Dark Matter Interpretations of the Unidentified 3.5 keV Line	Prof. ABAZAJIAN, Kevork
16:50	[11] The PADME experiment	PIPERNO, Gabriele
17:10	[168] Present and Future Observations of the 3.5 keV Line	Dr. LOEWENSTEIN, Michael
17:30	[177] DISCUSSION
